Dramatic Networks Assessment

Pick a dramatic text, chart the relationships in the text and apply graph theory to that text using the Cytoscape software.

As you interpret your findings, answer the following questions.

1. What has this graph taught you about the different characters' roles in the play?

2. Who are the most socially crucial characters in the play?
   Did this coincide with your pre reading expectations?

3. What do the degree and betweeness centrality statistics tell you about how characters should be represented in a play? Use specific examples.

As a summation of the assignment, write an essay detailing your findings.
***Essay requirements*: 2 pages double spaced with 0 set for before and after line spacing, Times New Roman font size 12, margins set to the Word default setting.**
